# MESSAGE FROM THE PRESIDENT

Dear Friends,

Welcome to the 2023 KACCH & BACCH Report.

As I read through this report of KACCH & BACCH activities for 2023 I am filled with awe and admiration for the sheer humility and love that fills its pages. A wonderful record of beautiful moments for families to cherish.

The demand for Child Life Services has become part of the support offered in most hospitals in the UK, Europe, US and Japan, making recruitment of Child Life Specialists (CLS) very difficult. To enable us to meet the needs of the current CLS we have launched an internship program in which we will train and develop our own Child Life Specialists under the supervision and guidance of already certified CLS.

To give you some idea of the importance of the Child Life Programme, the Child Life Specialists and Play Leaders provided 36,921 services to our children and caregivers in hospitals and at Bayt Abdullah Children's Hospice, over one year. Currently, we manage with one CLS and two or three Play Leaders per hospital, but we cannot continue the high standard of care for much longer which is why there is an urgent need to hire more staff at all levels of expertise.

In a brave effort to contribute to funds to support KACCH and Bayt Abdullah, a "Heartful Charitable Art Exhibition and Auction" was organised in Bayt Abdullah in December. A sale of 53 beautiful artworks donated by 45 local artists resulted in a total of 20,000KD approximately for KACCH & BACCH. Another heartwarming event was to see Bayt Abdullah's school-children welcoming their families to the official opening of the school, and an honour to have the owner of KDD to hand out the certificates. The hospice school has been very successful in encouraging the children's motor and other skills and bringing the children and their families together.

I would like to thank you all for continuing your support for KACCH & BACCH.

Dr Hilal Al Sayer  
President

## OUR VISION

To be the centre of excellence for paediatric psychosocial and paediatric palliative care for sick children and their families.

## OUR MISSION

To deliver excellent paediatric psychosocial and paediatric palliative care in partnership with children and their families in hospitals, at home, and in Bayt Abdullah Children's Hospice.

## OUR CULTURE

A culture of welcoming inclusivity and equality in which the focus is on excellence in the care of the child and family within a compassionate, safe, yet creative environment.

# OUR PILLARS

## RESPECT

Acknowledging and responding to the rights and dignity of children and their families and always respecting them, yourself and your colleagues.

## INTEGRITY

Adhering to high ethical and moral principles and professional standards and being accountable for personal and professional behaviour at all times.

## COMPASSION

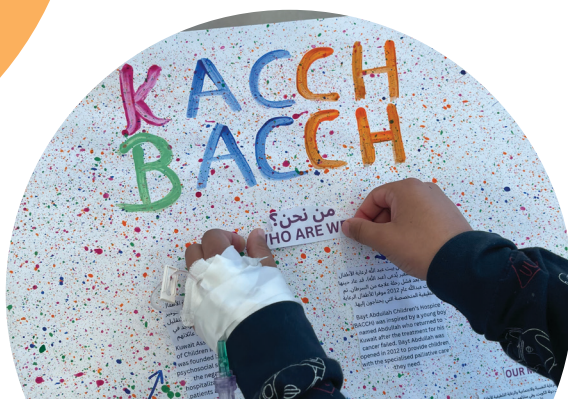

Delivering care that goes beyond empathy and embraces intelligent kindness.

## TRUST

Acting with honesty and transparency, maintaining truth in actions and interactions.

## DIGNITY

Recognizing, trusting, and respecting the human presence of another, that celebrates their individual being.

# PATIENT & FAMILY CENTRED CARE AT BAYT ABDULLAH

## Our Support in 2023

### Clinical Services

5,696 clinical paediatric palliative services were provided to patients and their families.

### Psychosocial Services

1,207 psychosocial services were provided to patients and their families. Services included Child Life and play

### Schooling Sessions

367 schooling sessions were provided to patients and their siblings.

### Respite

21 stays were made by patients and their families in BACCH's day and weekend respite.

### Pharmacy

627 pharmacy services were provided to patients and their families.

### Toys and consumables

200 distributions of toys and other consumables to patients and their families.

### Transportation

514 transportation services were provided to facilitate patients and their families. Trips included hospital, laboratory appointments and transportation to and from Bayt Abdullah.

# Paediatric Palliative Care

Throughout the year, our clinical team has remained steadfast in serving our patients and their families. They conducted on-site appointments in Bayt Abdullah, scheduled home visits, and actively facilitated our services through our outreach program for patients who are admitted in their primary hospitals. Employing a unique holistic approach tailored to each child and family, our team remains dedicated to the central goal of enhancing their quality of life.

Additionally, we continued our efforts that have extended for many years to educate the future cadre of doctors, current medical college students, about the importance of the palliative care field. We organized three Medical Student Days dedicated to enlightening students about this crucial area of healthcare.

The clinical team also continued to hold Multi-Disciplinary Team (MDT) days for patients following the significant success of the previous year and the positive feedback received from families and patients. MDT sessions were conducted for both Epidermolysis Bullosa (EB) and neuromuscular patients on separate occasions, and the team intends to continue in holding and enhancing these sessions in the coming year.

This year, our patient case load experienced a notable increase, encompassing a larger number of children who stand to benefit from our specialized palliative care services. Presently, we extend our support to a total of 128 palliative patients, reflecting the growing demand for our services and the expanding reach of our care initiatives.

Throughout the year, our clinical team has actively engaged in international initiatives to advance paediatric palliative care. We collaborated with Kings College to validate the CPOS tool for the MENA region, facilitated the translation of the EAPC charter from English to Arabic, and contributed paediatric palliative care census data

from Kuwait to the ICPCN international map. These efforts demonstrate our commitment to enhancing palliative care practices globally, ensuring that children and families receive the support they need.

# IN 2023

## 5,696

Clinical Paediatric Services were provided to patients and their families. Services includes: medical, nursing, physiotherapy, pharmacy, dietetics and occupational therapy.

## 197

### Outreach Visits

from our multidisciplinary team to patients in their primary hospital.

## 134

### Home Visits

To provide our patients and their families with personalized and compassionate care, and offer an opportunity for real-time assessment of their needs, leading to better informed treatment decisions.

# Paediatric Psychosocial Care

Throughout 2023, our dedicated team of Child Life Specialists and Play Leaders have continued to make remarkable contributions to the well-being and care of children in 8 government hospitals across Kuwait and at Bayt Abdullah. Their expertise in child development and support have fostered a nurturing and encouraging environment for children and families, providing comfort, solace, and healing through play, education, activities, and tailored support.

In March, we celebrated Child Life Month, highlighting the importance of psychosocial support for pediatric patients and their families. This was followed in May with our participation in the Child Life Conference in the USA, where we proudly represented Kuwait and shared our insights on enhancing children's well-being during medical treatment. Additionally, we led environmental change projects, exemplified by the successful completion of a transformative initiative at Al Amiri Hospital. Building on this success, we commenced another project at Al Sabah Hospital, furthering our commitment to creating welcoming and warm child-friendly environments for our young patients.

Moreover, we have launched the internship program for the Child Life Program under the supervision of Certified Child Life Specialists, following the criteria set by the Association of Child Life Professionals (ACLP). This initiative aims to train and develop future Child Life Specialists, ensuring the continuity of quality care for paediatric patients. We are also actively working on making Bayt Abdullah and hospital playrooms a training site for international child specialists, a project anticipated to launch in 2024.

Furthermore, we are focused on expanding our services to more government hospitals, with the goal of broadening our impact and making our services accessible to more children. Through these endeavors, we aim to continue improving the lives of pediatric patients and their families, providing them with the support and care they need during challenging times.

# IN 2023

## 36,921

Child Life Specialist and Play Leader services were provided to patients, siblings, and caregivers at hospitals and hospice.

# In Hospitals

## Our child life specialists provided

**5324** interventions to patients  
**411** interventions to siblings  
**5908** interventions to parents & caregivers

## Our play leaders provided

**10403** therapeutic play services to patients  
**1904** therapeutic play services to siblings  
**10230** therapeutic play services to parents & caregivers

# In Hospice

## Our child life specialists provided

**306** interventions to patients  
**95** interventions to siblings  
**228** interventions to parents & caregivers

## Our play leaders provided

**901** therapeutic play services to patients  
**588** therapeutic play services to siblings  
**621** therapeutic play services to parents & caregivers

# BAYT ABDULLAH'S SCHOOLING PROGRAM

Our hospice schooling program reached significant milestones in the past year, symbolized by the happy occasion of our official school opening. The event was highlighted by the presence of all students and their families, marking a heartwarming ceremony that awarded our little achievers who have been part of the program since its soft opening.

In addition to this momentous occasion, our school hosted a highly successful Summer Camp in June 2023. This camp offered a diverse range of enriching activities not only for the children but also for their entire families. Beyond fostering opportunities for learning and exploration, the Summer Camp provided precious moments for family bonding and facilitated engaging group activities that were both educational and fun.

# 367

School sessions

Throughout 2023, our school sessions extended their reach to offer 367 sessions for patients and their siblings, emphasizing our deep commitment to a family-centred care approach. Furthermore, we introduced joint sessions that brought together different patients and their siblings. These sessions were instrumental in fostering companionship and mutual support among the children and their families, creating a supportive environment where they could learn and grow together.

# CONNECTING HEARTS

COMMUNITY ENGAGEMENT &  
VOLUNTEERING

In 2023, our network of support and connections expanded even more. Through more than 82 collaborations, hospital visits, and events, we illuminated countless faces with smiles, celebrated many occasions, fulfilled many patients' wishes, raised awareness about our mission, and cultivated meaningful relationships with many dedicated individuals and organizations within our community. All of this with the invaluable contributions of our volunteers, who bring their unique talents and compassionate souls from every corner of the globe.

One special effort that deserves highlighting for the year is the Heartful Charitable Exhibition & Auction which was held in December. This event took almost six months of meticulous planning and included multiple workshops with our patients and their families to create beautiful auction pieces. The event featured the remarkable contributions of 45 local artists who generously donated their pieces for the gallery exhibition, resulting in a total of 53 spectacular art pieces spanning different mediums.

Heartful raised over 20,000 KD to support the free-of-charge services we provide for children across Kuwait.

A heartfelt thank you to: Maha Alasaki & Yousif Abdulasaid for curating the exhibition, BAWA for creating the online exhibition, and all the artists, sponsors and supporters who made this impactful contribution possible.
